

Cut a top slit in the hair along the dotted line for the ribbon

Cut a bottom slit in the hair along the dotted line for the ribbon

Cut a space along the dotted line between the hair and shoulder

Cut a space along the dotted line between the hair and shoulder

Prepare the doll:

Print the doll and colour in, adding mouth and any other features you want.

Glue onto cardboard to make the figure more solid, and allow to dry.

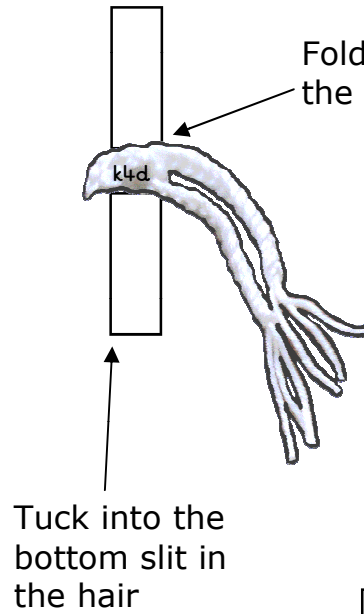

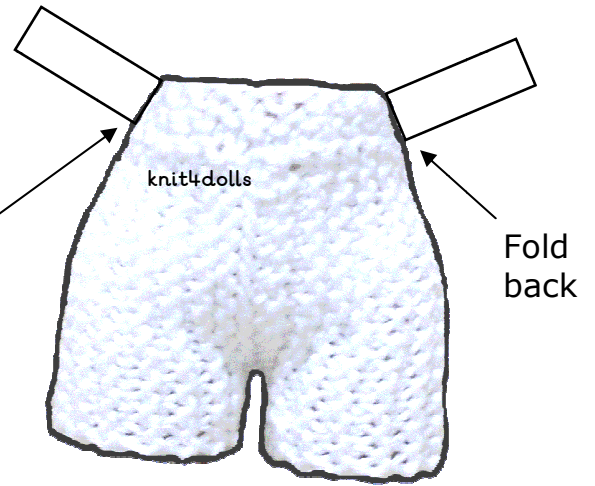

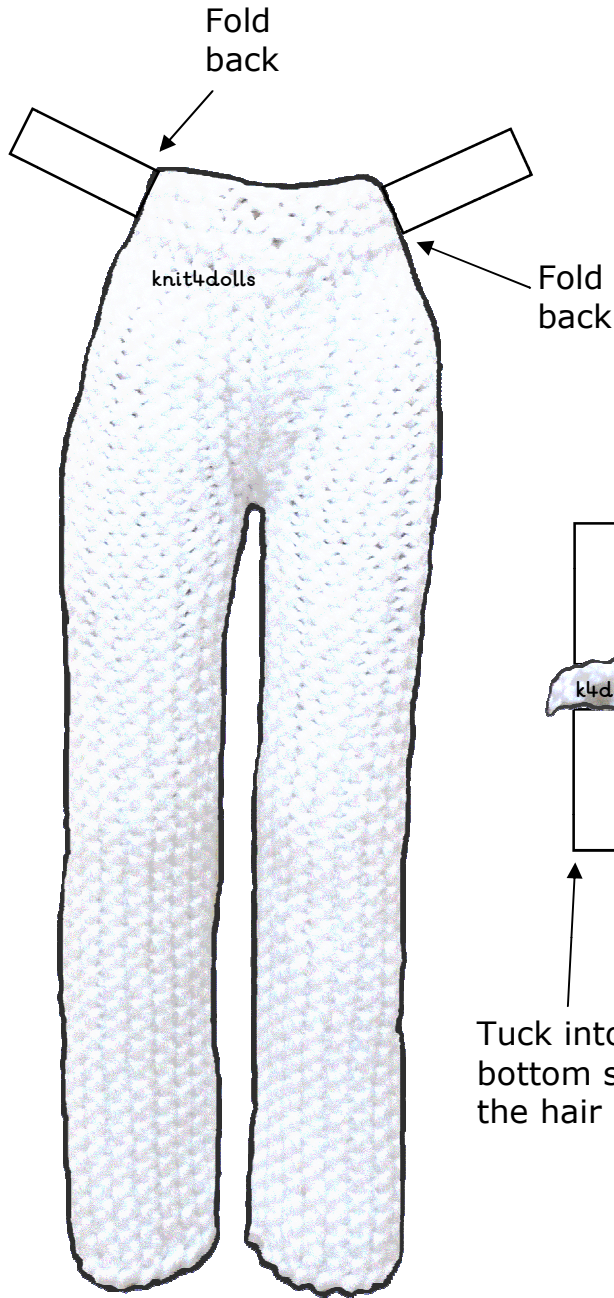

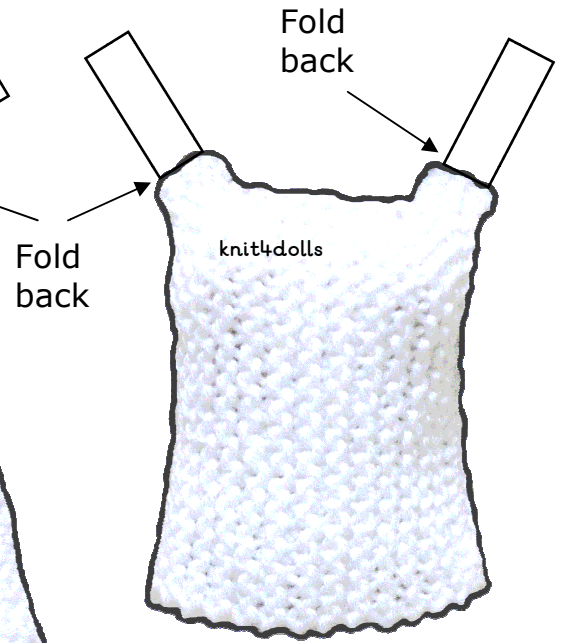

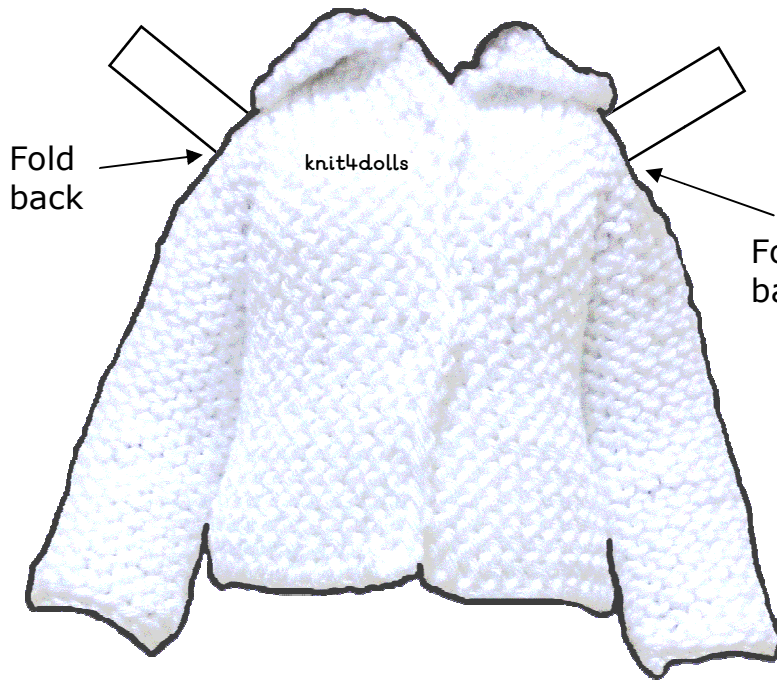

Cut out around the boarder and add slits where requested.

Make a few to compare.

Design your Barbie Olympic Sportswear:

What colours?
What stripes or shapes?
On both legs?
On both arms?
On front?
On back?

Print the clothing and colour in, cut out and put on the doll. Does it look good, or do you want to create another design?

Fold back and tuck into the top slit in the hair
